The Home Instead Senior Care® network would not be complete without the hard work and dedication of more than 65,000 passionate CAREGiversSM. Each takes pride in helping families in their own community and brings a wealth of knowledge to everything they do. In fact, three out of four Home Instead CAREGivers have experience in caring for an older family member, half have cared for older friends, and one-third have cared for both older relatives and friends.

In order to ensure we accept only the top applicants, all Home Instead CAREGivers undergo a thorough screening process with careful background and reference checks. Home Instead CAREGivers are fully bonded and insured, and take part in our exclusive multi-phase training program. We also conduct quality assurance visits to make sure all client needs are being met, such as effective communication and documentation. For example, care journals are one of the valuable tools we use to give Home Instead CAREGivers, family and other visitors access to a daily diary of activities.

Clearly, we like to know our Home Instead CAREGivers very personally, but it's also important to get to know you. As part of our process, we get acquainted with each of our clients so that we can understand you and your needs before assessing who will be the best fit for your family. This method is helpful in allowing us to match Home Instead CAREGivers to clients who will benefit most from specific skill sets. We want everyone involved to be comfortable and confident with who we send into the home and with the services that they provide.
