

There's Home Instead.®

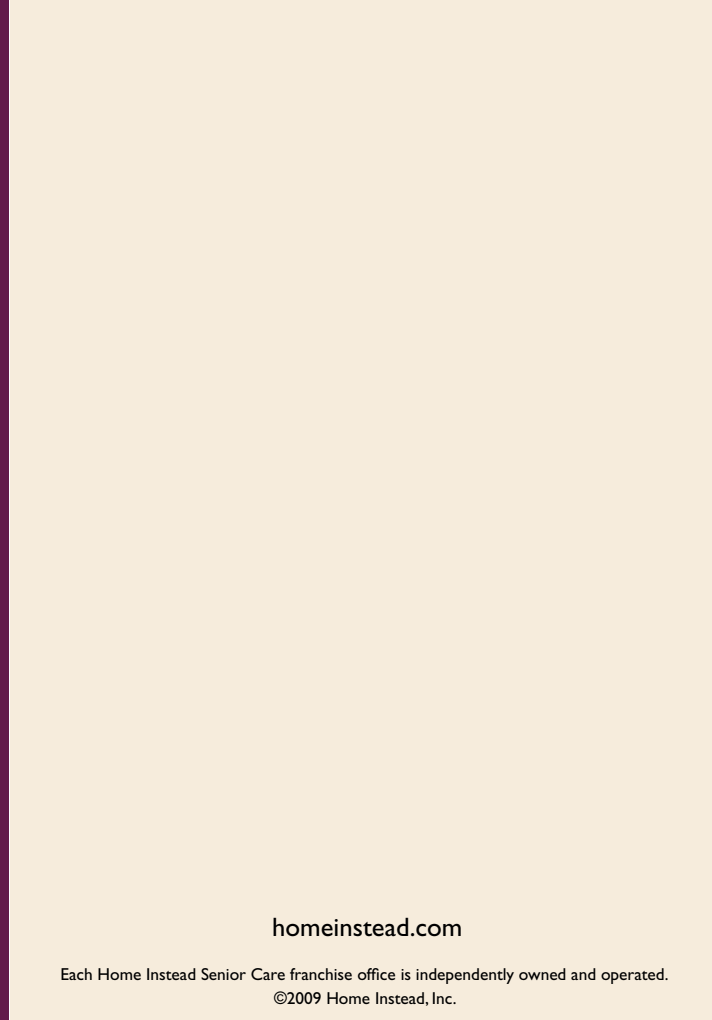

The time has come to consider how you will care for your aging loved one. It's a time that not only involves a very personal choice that will affect you and someone close to you, but unfortunately, it's also a decision that comes with a certain degree of urgency. We recognize this challenge and want to share our knowledge and experience to help guide you through every step of this crucial process. Panic and distress have no place here. There is no need to feel rushed, confused or uninformed. You should be confident that you are making the right choice not only for your parent, relative or friend, but for you and your family as well.

A better way to care for loved ones.

Caring for seniors while helping them maintain a home-based lifestyle has been our mission from the very beginning and now we are the worldwide experts in our field. Founders Paul and Lori Hogan created the first Home Instead Senior Care office in 1994 after years of caring for Paul's grandmother and recognizing the need for an in-home care option. The Home Instead Senior Care® network now extends internationally with more than 800 locally owned and operated offices designed to create quality care solutions that can ensure your loved one's safety and your self-assurance.

Personalized care, a personal touch.

Whether you are looking for someone to help an aging parent a few hours a week, or need more comprehensive 24-hour assistance, a professionally trained, bonded, and insured and thoroughly screened Home Instead CAREGiverSM can help. Our network's flexible companionship and home helper services range from meal preparation to providing an escort for errands, but our customized care doesn't stop there. Home Instead CAREGivers are committed to understanding you on an individual and personal level, to learn about your current needs and anticipate future ones so they may be addressed ahead of time.

To you, it's about finding a trusted solution. To us, it's personal.

The Home Instead Senior Care network has a long history of quality care and personal experience that we would love to share with you. A quick phone call or a visit to homeinstead.com can get you started on the right path as you begin considering your options.

Setting up a free one-on-one consultation is the perfect opportunity to discuss service options, learn about Home Instead CAREGivers and start moving toward a solution that works for you. The journey starts here, so let's take the first step together.

“ Since my dad has macular degeneration, Joshua helps him see life in a new way.

Lynn T.
client's daughter

My dad was a golfer, and Joshua still takes him to the golf course and will give him a play-by-play of what's going on. He is more than a caregiver, he's his best friend.”
