VIRTUAL DEMENTIA TOUR ®
YOUR WINDOW INTO THEIR WORLD

“Until There’s A Cure, Take the Tour”

The Virtual Dementia Tour ® is an individual experience through simulated dementia created for families, organizations and companies seeking to better understand the physical and mental challenges of those with dementia.

After experiencing this sensory training, you will have a greater understanding of the realities of what living with dementia is like. This unique, interactive program has been shown to improve communication and care. Learning to create a positive environment for those with dementia can only come from attempting to walk in their shoes.

*The Virtual Dementia Tour was created by Atlanta-based Second Wind Dreams ® a national non-profit organization founded by Virtual Dementia Tour author, P.K. Beville, M.S. in 1997 to fulfill dreams of those living in elder care communities and to research ways to improve their quality of life. All donations from tours are given to Second Wind Dreams to continue funding their elder dreams program.*
